

Classes Affaires IS LOOKING FOR MENTORS

Businesspeople become Mentors this summer and help young students to choose their future career!

Classes Affaires is an innovative program started in 2001 by MR3 Montréal Relève, a non-profit organization born in 1995 following an agreement between the Board of Trade of Metropolitan Montreal and the City of Montreal.

Its mission? Prepare future professionals by allowing them to explore different trades in all economic sectors of Montreal.

To achieve its goal, MR3 Montréal Relève is looking for business people eager to welcome a secondary school student on their work premises for a week of exploration internship during the summer. The mentors can come from a professional, technical or academic sector.

Every year, more than 4000 students from the 3rd and 4th secondary school subscribe to **Classes Affaires** and prepare for this experience with a team from MR3 Montréal Relève.

Since the beginning of the program, 600 organizations offered internships in private firms, schools, public and parapublic institutions and non profit agencies to about 7100 young students.
